- 4. Every certificate must have been given on a date not more than one day later than the date of the examination on which it is based, and no further certificate based on the same examination shall be furnished other than a certificate to replace an original certificate which has been lost or mislaid, but in that case the form shall be clearly marked "duplicate".
- 5.

- 6. Every certificate must cover a specified number of days or weeks from and including the date of the examination on which the certificate is based, which period shall not exceed 28 days or, where at that date the certificate of incapacity has continued for not less than 28 days, 13 weeks. 8
