- (2) A copy of the admission application must be provided to M at the time when the patient is admitted under paragraph (1)(b), and if M is satisfied that –
 - (a) the admission application appears to have been duly made in accordance with Articles 18 and 19; and
 - (b) the admission is within the period of 72 hours mentioned in paragraph (1),M must, as soon as reasonably practicable and in any event no later than 24 hours before the end of the initial period, give notice in writing to the Minister that the patient to whom the admission application relates has been admitted to the approved establishment.
- (3) An admission application may be acted upon under paragraphs (1) and (2) without further proof of the signature or qualification of the applicant or of any person making medical recommendations, or of any matter of fact or opinion stated in the application.

 - (i) in the interests of the patient's health or safety, or
 - (ii) for the protection of other persons, that the patient should be so detained.
- (2) Where the Minister gives an authorization under Article 20(4)(b)(i) (an "assessment authorization") –
 - (a) subject to paragraph (4), the patient may be detained in the approved establishment for a specified period of no longer than 28 days beginning with the date on which the patient is admitted; and

- (3) An assessment authorization may not be renewed.
- (4) Where the admission application relates to a patient who was first admitted under Article 14 or 15, the period mentioned in sub-paragraph (2)(a) shall begin with the day on which the admission application is received by M.

 - (b) it is necessary –
 - (i) in the interests of the patient's health or safety, or
 - (ii) for the protection of other persons, that the patient should be so detained.
- (2) Where the Minister gives an authorization under Article 20(4)(b)(ii) (a "treatment authorization") –
 - (a) the patient may be detained in the approved establishment for a period of no longer than 6 months beginning with the date on which the patient is admitted; and

- (b) during such detention the patient may be provided with any appropriate and lawful treatment.
- (3) A treatment authorization may be renewed for one additional period of 6 months, and thereafter for further periods of 12 months, in accordance with paragraph (4).
- (4) Within the period of 2 months immediately preceding the day on which the patient's liability to detention ceases, the responsible medical officer must examine the patient and make a report to the Minister recommending –
 - (a) the renewal of the treatment authorization, if it appears to the responsible medical officer that it is necessary –
 - (i) in the interests of the patient's health or safety, or

 - (b) that the treatment authorization should not be renewed.

- (2) Where this paragraph applies –
 - (a) the error or defect in question may, with the consent of the Minister, be rectified by the applicant or (as the case may be) the person who signed the recommendation; and
 - (b) the application or recommendation shall have effect (and be deemed to have had effect) as though duly completed without the error or defect.
- (3) Without prejudice to paragraph (1), if within the initial period mentioned in Article 20(1) it appears to the managers of an approved establishment that a medical recommendation related to any application is insufficient to warrant the

detention of the patient, the managers may within the same period give notice in writing of the insufficiency to the applicant and of the fact that the recommendation shall be disregarded.

- (4) Where notice is given under paragraph (3), the application to which the recommendation relates shall nevertheless be (and be deemed always to have been) sufficient if –
 - (a) a fresh recommendation which complies with Article 19(1) to (3) and is not defective in any respect is provided to the managers; and
 - (b) that recommendation, taken together with any other recommendation relating to the same application, is sufficient to warrant the detention of the patient.

 - (b) for an indefinite period,

the responsible medical officer must give notice in writing to the Minister of the grant of leave, the period for which, and the conditions (if any) upon which leave is granted.
- (5) Subject to paragraphs (7) and (8), where leave of absence is granted for any specified period, that period may be extended by further leave granted in the absence of the patient.
- (6) Where it appears to the responsible medical officer that it is necessary to do so –
 - (a) in the interests of the patient's health or safety; or
 - (b) for the protection of other persons,

that officer may, on granting leave of absence, direct that the patient shall remain in custody during the absence; and in such a case the patient may be kept in the custody of any member of staff of the approved establishment or of any other person authorized for that purpose by the responsible medical officer.

- (7) Where a patient is absent on leave granted under this Article, and it appears to the responsible medical officer that it is necessary to do so –
- (a) in the interests of the patient's health or safety; or
 - (b) for the protection of other persons,
- that officer may (subject to paragraph (9) and to the rights conferred on a patient by Article 50(1)), by notice in writing to the patient or to the person having custody of the patient under paragraph (6), revoke the leave of absence and recall the patient to the approved establishment.
- (8) The responsible medical officer may from time to time vary or suspend, by notice in writing to the patient or to the person having custody of the patient under paragraph (6), the period for which and any conditions (other than conditions prescribed under paragraph (2)(a)) upon which leave of absence is granted.
- (9) A patient to whom leave of absence is granted for an indefinite period shall not be recalled under paragraph (7) after the patient has ceased to be liable to be detained under this Part.
- (10) For the avoidance of doubt and without derogation from the generality of the power conferred by paragraph (2)(a), conditions to be prescribed under that sub-paragraph may include conditions as to the examination of a patient or the review of a patient's treatment, at such times or intervals as may be prescribed, by the responsible medical officer (or, where the patient's treatment is of a kind requiring consent under Part 6, by the responsible medical officer and a SOAD).

26 Transfer of patients

- (1) The Minister may arrange for the transfer of a patient liable to be detained under this Part from one approved establishment to another.
- (2) Where a patient is transferred pursuant to arrangements made under paragraph (1), this Part shall apply to the patient as if –

 - (b) the patient had been admitted to that establishment at the time when the patient was originally admitted under the admission application.

27 Discharge of patients

- (1) A responsible medical officer may, in accordance with this Article and having regard to the care and supervision which would be available to the patient if discharged, direct the discharge of a patient from the approved establishment in which the patient is liable to be detained.
- (2) The responsible medical officer must direct the discharge of the patient unless –
 - (a) the exception in paragraph (6) applies; or
 - (b) having regard to the care or supervision which would be available to the patient if discharged, the responsible medical officer is satisfied that –

 - (b) if the responsible medical officer decides not to discharge the patient, reasons for that decision must be given in writing to the nearest person.
- (6) A direction for discharge of a patient detained pursuant to the provisions of Part 9 may be made under this Article, except that no such direction shall be made for

discharge of a defendant in respect of whom a treatment order under Article 65 is made subject to special restrictions under Article 68.

- (2) Where this paragraph applies, the patient shall continue to be liable to be detained, or (as the case may be) subject to guardianship under Part 4, until the expiration of the period of one week beginning with the day on which the patient is returned under Article 25 or 31, or returns to the approved establishment or to the place where (under the terms of his or her guardianship) the patient ought to be.

PART 4

GUARDIANSHIP

29 Application for guardianship

- (2) All such applications must –
 - (a) be made by an authorized officer –

 - (ii) following consultation with the patient’s nearest person, unless such consultation is not reasonably practicable or would involve unreasonable delay;
 - and
 - (b) contain a statement that, in the opinion of each of the persons required by paragraph (4), the grounds stated in paragraph (3) are met.
- (3) The grounds mentioned in paragraph (2)(b) are that –
 - (a) the patient appears to be suffering from mental disorder of a nature or degree which warrants the reception of the patient into guardianship; and
 - (b) it is necessary for the patient to be received into guardianship –
 - (i) in the interests of the patient’s welfare, or
 - (ii) for the protection of other persons.
- (4) All such applications must include, or be accompanied by, recommendations of 2 registered medical practitioners (the “medical recommendations”, as to which Article 19 shall apply as if the application were an application under Part 3), one of whom must be an approved practitioner.
- (5) The medical recommendations may be given either –
 - (a) as separate documents, each signed by the practitioner by which it is made; or
 - (b) as a joint recommendation signed by both practitioners.

- (2) A guardianship authorization shall confer on the person named as guardian, to the exclusion of any other person, the power –
- (a) subject to paragraph (3), to require the patient to reside at a place specified by the guardian;
 - (b) to require the patient to attend at times and places so specified for the purpose of treatment, occupation, education or training;
 - (c) to require access to the patient to be given, at any place where the patient is residing, to any registered medical practitioner, authorized officer or other person so specified.
- (3) Paragraphs (1) and (2) are subject to the rights conferred on a patient by Article 50(1).
- (4) For the avoidance of doubt the words “the exclusion of any other person” in paragraph (2) shall not have effect, where the Minister is the person named as guardian, to exclude the exercise of powers under this Article by a person to whom the Minister has lawfully delegated those powers.
- (5) Where the person named as guardian is the Minister, the Minister may (if considering that it is justifiable in the circumstances to do so) require that the patient –

 - (b) the application or recommendation shall have effect (and be deemed to have had effect) as though made originally without the error or defect.
- (8) Where a patient is received into guardianship, any previous application under Part 3 or any previous guardianship application in respect of the same patient shall cease to have effect.

31 Powers of re-taking into custody

- (1) Where a patient who is subject to guardianship and to a residence requirement under Article 30(2)(a) or (5)(a)(i) absents himself or herself without the leave of the guardian from the place at which he or she is required to reside, the patient may be taken into custody and returned to that place by –

- (4) If a person appointed as a guardian under this Part becomes incapacitated by illness or any other cause from so acting –
 - (a) the Minister or any other person approved for the purpose may act as guardian of the patient concerned during the guardian's incapacity; and

- (b) paragraph (3) shall apply as if the person acting as guardian under this paragraph were G2.
- (5) The States may by Regulations make further provision as to the transfer of patients –
 - (a) between guardianship and liability to detention in an approved establishment; and
 - (b) between liability to detention in an approved establishment and guardianship.
- (6) Without derogation from the general power conferred by paragraph (5), Regulations under that paragraph may in particular –
 - (a) prescribe the circumstances in which, and the conditions subject to which, transfers under those Regulations may take place;
 - (b) make provision as to the application of this Part, and of Part 3, in respect of patients transferred under those Regulations; and
 - (c) make provision regulating the conveyance of patients transferred under those Regulations.

33 Duration of guardianship

- (3) A patient who is received into guardianship may apply to the Tribunal, once within each of the periods mentioned in paragraphs (1) and (2), for a direction that the guardianship authorization be terminated.
- (4) Within the period of 2 months ending on the day on which, were it not for any renewal under this Article, the guardianship authorization would cease to have effect, the responsible medical officer must examine the patient and make a report to the Minister, recommending –
 - (a) where it appears to the responsible medical officer that in the interests of the patient's welfare or for the protection of other persons, the patient should remain under guardianship, the renewal of the guardianship authorization; or
 - (b) the discharge of the patient from guardianship.
- (5) Where a report under paragraph (4) is provided in respect of a patient, the Minister must inform the patient and the patient's nearest person of the recommendations and the action proposed to be taken and –
 - (a) where the report contains a recommendation under paragraph (4)(a), the Minister must renew the guardianship authorization for the appropriate period as provided by paragraph (2); or
